WINTER DANCE FOR THE HAYMAKERS

All East Jersey Preparing to Attend a Unique Entertainment Take Place on Feb. 11 at Schuetzen Park.

TO WEAR RURAL COSTUMES.

It Will Comprise Many of the Features of a County Fair, in Addition to the Barn Dance, with Special Prizes for Ladies.

All of East Jersey is getting ready for the barn dance at Schuetzen Park on Ceb. 11. An invitation has been sent to Gov. Murphy, and althouh gno reply has been received it is believed that he will attend if he can spare the time. Politicians, financiers, manufacturers, brewers and plain everyday working people will mingle with the farmers of Jnion Hill, Secaucus, North Bergen, Guttenburg and other historical spots surrounding Schuetzen Park.

It has been a good many years since any big entertainment has been given at Schuetzen Park in winter, but there was a time when the famous resort was the scene of as many revels during the cold season as in the summer time. Not until the Haymakers of Hudson County saw the possibilities of a big entertainment, comprising all the feat-ures of a country fair and a dance, did the revival of Schuetzen Park as an amusement centre take shape.

The Haymakers is an organization of making hav whether the sun shines or not, which in a measure accounts for the fact that the barn dance is to be given at night. It is obligatory on all who attend that they be attired in cos

To stimulate interest among the ladies of Hudson County the Haymakers have determined to offer prizes for the most original or otherwise striking costumes. The first prize will be \$20 in gold, and will be umbrellas, opera glasses and other valuable articles distributed.

All of the masquerade ball costume shops in Jersey City, Hoboken and Hackensack have been stripped of rural Henry A. Coster and other members of costumes for the barn dance, but those anxious to secure prizes are making their own costumes. It is immaterial to the Haymakers where the costumes come from. The judges have been selected for their artistic taste and their knowledge of what farmers ought to

The live stock to be shown will be distributed among the guests at the close of the ball. Among the horses entered for prizes are some descendants of the noble animals that made Guttenburg famous.

Special cars will be run from Hoboken on the night of the dance for the convenience of those attending from New York. Peter Byrnes, the impresario upon whom devolves the multifarious luties of arrangement, promises Manhattanites, jaded from metropolitan enjoyments, the time of their lives if they will but journey to Schuetzen Park on Feb. 11 and mingle with the real Rubes of East Jersey b'gosh.

DIVORCE INSTEAD

After Fifty Years Mrs. Bahnsen Tires of Husband's Irregular Ways and Applies to Court for Her Freedom.

NEW HAVEN, Feb. 4 .- Mrs. Heinrich Sahnsen prepared to celebrate her wedding next month, but hanged her mind and decided to sue her husband for divorce. The suit was lied yesterday. She shows a decree granted by the Probate Court two years ago, which allows her the care of a piece of property owned jointly with her husband, on the ground that she is a deserted wife.

Her husband has left her several times, but has invariably returned, but his wife says that she has tired of his irregularity after enduring it for nearly fifty years. A letter from Bahnsen says that he would have come home to celebrate his golden wedding, but may not bother to appear now that the divorce is scheduled for the same date.

He and his wife are about seventy-six years old. They were married in Germany. He was formerly a grocer of the edity.

MISSING TWO WEEKS.

Capt. Paterson, of the Hazel Kirke, May Have Been Slain.

J. H. C. Paterson, captain of the ex-cursion boat Hazel Kirke, has been missing two weeks. His wife, who lives at No. 92 West One Hundred and Thirty-fourth street, learned of it only last night, and immediately asked the police

night, and immediately asked the police to send out an alarm.

The Hazel Kirke lies at the foot of Thirty-second street, Brooklyn. Paterson lived aboard her as watchman. He was seen going aboard on the night of Jan. 23. Sometime afterward passersby saw the cabin door open, boarded the boat and found no trace of him. His overcoat, house coat and boots lay in the cabin.

The New York Tow Boat Company, by whom he was employed, began a search for him. Yesterday when they had not found him they notified his wife.

"My husband always carried a large amount of money about him," she said to the police. "I believe that he was robbed and his body thrown overboard."

RHEUMATISMHEAR

AN INDESCRIBABLE TORTURE

Because Rheumatism sometimes comes on suddenly, doesn't prove that it is a chance disease or one due to accidental causes. It takes time for it to develop, and is at work in the system long before any symptoms are felt. The blood is the first point of attack, and the poisonous acids that cause the aches and pains are then distributed through the circulation to different parts of the system, and settle in joints, muscles and nerves; and

when the system is in this condition it needs only some exciting cause, like exposure to night air, damp, chilly weather, or the cold, bleak winds of winter, to arouse the slumbering poisons and bring on Rheumatism. The severity of the attack depends upon the amount of acid in the blood and the quantity of acrid matter in the joints and muscles. Some people are almost helpless from the first, while others have occasional spells or are uncomfortable, restless, nervous and half sick all the time from the nagging aches and pains. Rheumatism is a disagreeable companion even in its mildest form and must be thoroughly eradicated or it grows worse as we grow older, and fre-

quently stiffens the joints, draws
the muscles out of shape, breaks down the nervous system, and ruins the
health. A disease that originates in the blood, as Rheumatism does, sannot be cured with external remedies like liniments and plasters; such things scatter the pains or drive them

to some other part of the body, but do not touch the disease or improve the condition of the blood. The thin, acid blood must be restored to its normal purity and strength, so that all poisonous substances may be carried out of the system, and no medi-cine accomplishes this in so short a time as S. S. S., which not only neutralizes the acids and counteracts the poisons, but builds up the
